General Meeting: Larry Moskovitz **Laelias**

Our speaker this month will be Larry Moskovitz. Larry has been growing orchids since he was 12 years old. Years later, in the mid 1980's, he started Orchidanica, an orchid company devoted to propagating rare and unusual orchids. He earned a degree in photography from Southern Illinois University, and has taken many courses in botany and landscape gardening. Larry has even taught courses in orchid growing. Larry served as President of the San Francisco Orchid Society and has been speaking to orchid groups throughout the U.S. and Canada since 1989. He is listed in the AOS directory of speakers for orchid societies. He is now located in Fall brook, CA near San Diego, CA.

Larry will be speaking about Bizarre Species. Included in this program are some of the more unusual genera. Such as Coryanthes, Bulbophyllum, Catasetum, Dracula, Telepogon, Stanhopea, and a few Dendrobiums. He has also includes ones that have unusual pollination mechanisms or bizarre flowers. Larry will be providing some of the plants for the opportunity table for this meeting. He will also bring plants for sale. This should be a fun program!

Plant Opportunity Table

Larry will be providing plants for the opportunity table. Find a generous diversity to choose from with your winning raffle ticket!

February Meeting

Our February speaker will be announced in the February bulletin.

Renew your membership now! Still only \$20.
